Space Cluster: Success Story

80 space organisations employing 800 people

Accommodating Growth

Harwell Space Cluster: Vision

To be a globally renowned space cluster

and

gateway to the UK space sector

Harwell Space Cluster: Mission

This *Vision* will be achieved by:

- **Growing** the Harwell Space Cluster to 200 organisations employing 5,000 people by 2030 from the current 80 space organisations with a combined 800 employees.
- **Working** with UK public organisations, companies and clusters to leverage the national and international assets at Harwell to enable economic growth across the UK.
- **Building** links with international space clusters and organisations to build partnership opportunities, encourage exports and inward investment to help the UK reach its target of 10% of the global space market by 2030.
